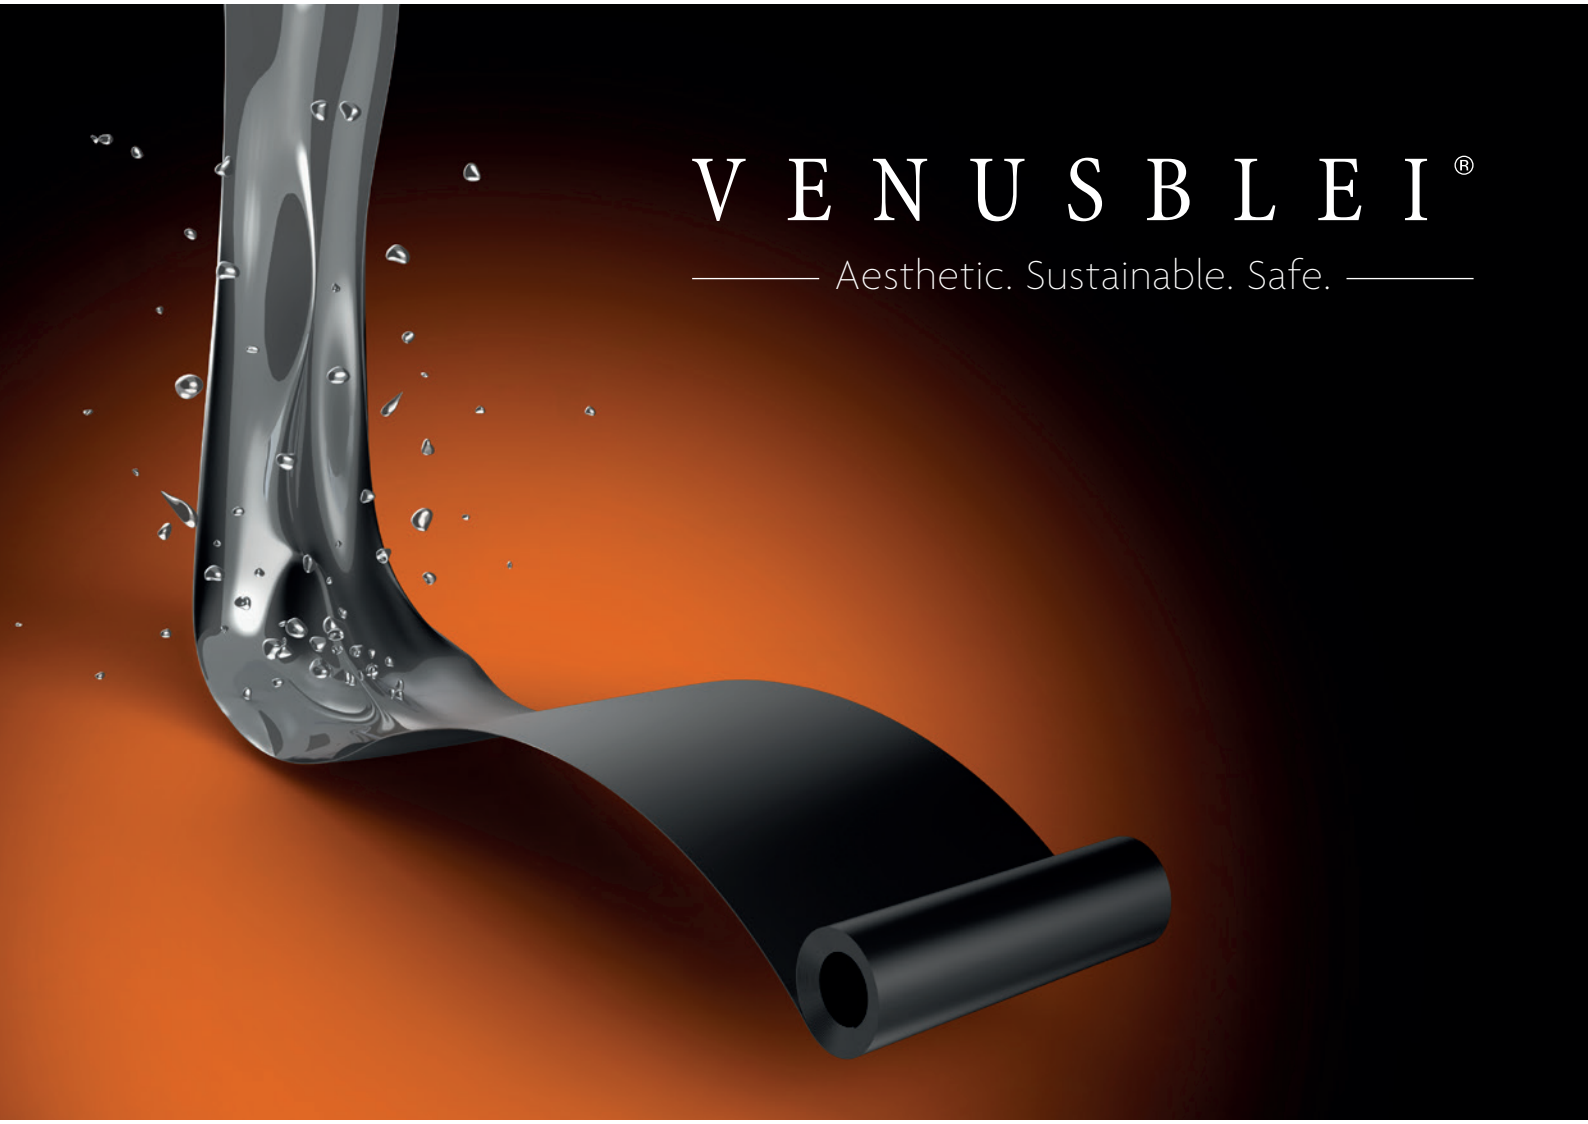
Protection for Life



VENUSBLEI

Venusblei is rolled lead in perfection: elegant protection for roofs and façades for decades.

VENUSBLEI
Refined lead sheet

All-rounder for roofs and façades

Lead sheet is one of the most traditional materials used for roofs and façades. Extremely durable, one hundred percent recyclable and offering outstanding cold-forming properties, it has been the material of choice for sustainable construction for centuries.

A unique touch

Venusblei heralds the arrival of a new generation of lead sheet products in the construction industry. Its specially finished surface provides long-term protection for the product and prevents the formation of white streaks. Its unique metallic finish sets Venusblei apart from coated lead sheets. The attractive appearance of the lead sheet adds a unique touch to roofs and façades.

Benefits for craftsmen

Venusblei combines the classic strengths of lead sheet with practical and economic advantages: the surface finished sheets are protected against the effects of the environment. This eliminates the need for time-consuming, costly patination of the product following fitting. Venusblei can be laid regardless of the weather and will withstand the effects of the weather and UV radiation reliably.

Easy to lay

Venusblei is suitable for sealing roofs and façades and can also be laid on large surfaces. It is processed in the same manner as classic lead sheets, and can be subjected to all standard seaming techniques as well as soldering and welding.

STANDARD DIMENSIONS

VENUSBLEI®

Rolls of approx. 50 kg

1.25 x 1,000 x 3,500 mm
1.50 x 1,000 x 2,900 mm
2.00 x 1,000 x 2,200 mm

Rolls of approx. 25 kg

1.25 x 150 x 11,800 mm
1.25 x 200 x 8,820 mm
1.25 x 250 x 7,055 mm
1.25 x 330 x 5,350 mm
1.25 x 450 x 3,900 mm
1.25 x 500 x 3,500 mm

Rolls of approx. 16.5 kg

1.25 x 330 x 3,530 mm

Rolls of approx. 12.5 kg

1.25 x 250 x 3,530 mm

Rolls of approx. 10 kg

1.25 x 200 x 3,530 mm

Other dimensions and flat sheets possible on request.
Venusblei is also available in corrugated form.

RÖHR + STOLBERG
Protection for Life

A step up in service and quality: Röhr + Stolberg is Germany's foremost company in the field of lead processing. Customers benefit from our advice on lead applications and our training courses on lead working. Its long service life, high recycling rate of nearly one hundred percent and the minimal energy consumed in its production make lead the perfect material for sustainable construction.
